

CALIFORNIA LAND SURVEYORS' ASSOCIATION
SAN FRANCISCO CHAPTER
AUGUST 2024

ALL,

Thank you for a productive and fulfilling first half of 2024. Since last Fall our chapter has hosted a day-long conference with Gary Kent, coordinated a Bay Area Chapter online class with Jerry Mahun as well as providing our chapter members with information ranging from important court cases to managing mylar submittals to CCSF.

Our mandate for the remainder of this year and 2025 will be to provide our members with relevant information, continuing education, and changes or proposed changes to laws that affect our profession.

NOW, We want to hear from you!

I would like to stop by your shop, at your invitation, to discuss how SF-CLSA can assist with your goals. *What is important to you?* Tell us what you would like to see your chapter provide for you.

A united professional survey community can discuss and address the issues that concern us all!!

Text or E mail Rob at 510.838.8553 or rwhinsf@yahoo.com. ***I look forward to speaking with you!***

If you have not updated your membership, please join SF-CLSA.

Our numbers are important to the state association, and to our profession.
