SAN FRANCISCO CHAPTER
December 2024**

SPECIAL NOTICE SF CLSA UPDATE

Looks like Santa is looking over his list:

[County Surveyor - City & County of San Francisco - Public Works \(0941\) \(153814\) | City and County of San Francisco](#)

If you have been naughty or nice, it's time to think about the future of San Francisco.

Well, you must have been good little surveyors, Santa has dropped a discount for the latest book by Jeff Lucas, *The Pincushion Effect*. In this book, Mr. Lucas explores the full effect of the pincushion corner by exploring how the phenomena started and why it exists, and the remedies to end the practices that allow the pincushion corner to not only to exist, but to flourish.

What surveyor would not be excited to receive this gift?

For a 15% discount, use the Coupon Code "SANFRAN" all caps, no quotation marks. The Coupon is good through December 31, 2024.
