What's important to YOU?

Let's, together, determine the agenda for 2025 and beyond. Also, there are several speakers that are interested in speaking to our combined North Bay Area Chapters. **What do YOU want this year?**

AND, we need to get together to socialize and catch-up with one another other. National Surveyor's week is March 16-22. Our March Tuesday meeting is 03/18. **Sound good to you? Be sure to pencil this in!**

Don't forget: Mentoring Mondays [Home - Mentoring Mondays](#) [Wisdom Wednesdays – For the Land Surveying Profession](#) Lots of great lectures by real authorities in surveying...it's on line and free!

But wait! There's more!! Our very own Zach Robinson is published. See here: [CALSURV199.pdf](#)

And with that, it's a wrap.

Please plan to attend the February SF-CLSA ZOOM Room meeting, Tuesday 02/18. More info to be provided before the meeting.
