## Reports of special committees

- Monument Preservation Committee

- **FEEDBACK REQUESTED** on how to best preserve the Old City Datum, since it has been superseded by VD-13, but still controls many boundaries, and is no longer being maintained.

- San Francisco Surveying and Mapping Committee

- **INPUT REQUESTED** on subjects to be considered by Committee related to surveying practice, map preparation, and city map-checking in San Francisco.

## Speaker

- **ROUNDTABLE DISCUSSION:** Different approaches exist and have been used historically for dealing with overages and multiple “shifts” of boundaries in city blocks – Let’s discuss the implications of this and our opinions on this matter. Please bring your experiences to the table for a roundtable discussion of this important issue. Example maps will be presented to provide a basis for discussion of specifics.
